## MISSION STATEMENT

The Mashantucket Pequot Museum & Research Center, part of the government of the Mashantucket Pequot Tribal Nation, is a nonprofit educational institution that seeks to further knowledge and understanding of the richness and diversity of the indigenous cultures and societies of the United States and Canada.

To accomplish this mission, the Mashantucket Pequot Museum & Research Center will conduct and support research and the development of ethnographic, archival, library and archaeological collections. They provide programs and exhibits that encourage interaction with and among indigenous peoples, the general public and the scholarly community.

## MUSEUM HISTORY

Tribally owned and operated since its opening on August 11, 1998, the Museum brings to life the story of the Mashantucket Pequot Tribal Nation. It serves as a major resource on the history and culture of Native Americans in the Northeast and on the region's rich natural history. The Museum is a 308,000-square-foot complex, consisting of permanent exhibits, classrooms, a 327-seat auditorium, a restaurant, a museum shop and administrative offices. The Research Center houses the collections, a library, a children's library, archives, archaeology and conservation laboratories. Multisensory dioramas and exhibits introduce visitors to the history of the Mashantucket Pequot Tribe, and the natural and cultural history of the Eastern Woodlands.

Films and videos, interactive programs, archival materials, ethnographic and archaeological collections, commissioned art, and traditional crafts by Native artisans are featured in the exhibits. The building is designed to interact with its surrounding environment while maintaining the ecological integrity of the area. It embraces the tree line and is nestled into the landscape—two of the five levels of the facility are below ground. A 185-foot, stone and glass tower provides visitors with sweeping views of the swamp and region. The large, circular, glass and steel Gathering Space serves as an arrival area. The restaurant features a variety of Native American cuisines, and the Museum shop specializes in contemporary Native American arts and crafts.

## THE TRIBE

The Mashantucket Pequots are a native Algonquin people of Southeastern Connecticut known for their "Pequot spirit of survival." Their unprecedented story can be relived in vivid detail at the Tribe's world-renowned Mashantucket Pequot Museum & Research Center. The tenacity of the Mashantucket Pequots brought them through centuries of persecution to economic prominence today. Since opening one of the first Native American gaming halls in the country in 1986, the Mashantucket Pequot Tribal Nation has also developed a host of lucrative economic ventures including the Lake of Isles Golf Course and The Spa at Norwich Inn. The Tribe provides significant financial contributions to state and local nonprofit organizations that support neighboring communities.

## THE SPACE

The Mashantucket Pequot Museum & Research Center features 85,000 square feet of permanent, indoor exhibitions including life-size dioramas in Pequot Village, films and interactive computer programs. Group discounts, as well as private and after-hours tours, are available.

The Museum also offers a spectacular 14,773-square-foot glass-enclosed atrium known as the "Gathering Space" for weddings, galas, proms or any elegant affair, a 20,000-square-foot outdoor garden terrace, a 327-seat auditorium for presentations or entertainment, additional dining for 300, and several other meeting rooms and unique event opportunities. Each space offers full catering and bar services.

A man and a woman are standing in a library, looking up and smiling. The woman is wearing a white and yellow sweater, and the man is wearing a dark blue cable-knit sweater. They are surrounded by bookshelves filled with books. The lighting is warm and golden, creating a cozy atmosphere. A large, ornate chandelier is visible in the background.

## FOXWOODS SURROUNDS

Southeastern Connecticut is a land of imagination, recreation and natural beauty. Minutes away from Foxwoods Resort Casino is Stonington, consistently voted one of the most picturesque villages in New England. A few short miles from there is Mystic, perhaps the prettiest (and most chic) seaside town in America with its incredible aquarium, historic seaport and, of course, the actual Mystic Pizza restaurant.

The countryside immediately surrounding Foxwoods offers unparalleled riches in American history, scenic views, natural wonders and more. Winding through the region is the famous Connecticut Wine Trail—a string of fine wineries operated by passionate winemakers who produce excellent Cabernets, Chardonnays, Pinots, Rieslings and many other exceptional varieties.

## HIKING & NATURE

Beyond the excitement within the walls of the resort, the picturesque Connecticut woods offer their own exhilarating adventure. The fox paw prints in the Great Cedar Casino lobby will guide you to your choice of trails. You can opt for the path that takes you to the outside exhibits of the Pequot Museum or try the scenic trail loop. For those who enjoy a more vigorous walk, the Lantern Hill Trail takes you up nearly 500 feet above sea level to enjoy views that stretch as far as the waters of Block Island Sound. You might not have expected to find this kind of activity at Foxwoods, but here, you always get more than you expect here.
